know many of our members will be heading out of town for summer vacations. Many of us haven't traveled in more than a year and are looking forward to getting away with family or friends.

I think getting back to in-person ANEW meetings feels a bit like a vacation. I'd looked forward to it for months, got to leave the office and see women I hadn't seen in too long and I ate a meal without cooking or doing dishes!

As you may be looking forward to summertime fun, we are also going to be looking back at the history of ANEW this month with a Founder's Day celebration at the May meeting. Not only will you get to network, but you will also get to hear about how ANEW got started and celebrate the women who founded our organization forty years ago. I sincerely appreciate that our founders saw value in bringing professional women together for networking, education and friendship.

A quick reminder-- don't forget your business cards for our May meeting as we get to enjoy our first "Just Networking" event of 2021.

See you all soon!

Sincerely,
Angie Richards Cheek
ANEW President

Save The Date!

Join us **June 23rd** where our program topic is, "Increase Success with the Power of Happiness."

If you or someone you know in ANEW is celebrating a milestone, professional or personal, be sure to send this information to info@evansvilleanew.org. We would love to share this in our newsletter!

Membership Profile

5 Things you don't know about Jennifer Kissel

Name and explain one skill you learned from a mentor: Always be prepared.

Describe your career path to reach your current position. I went to Western Kentucky University for undergraduate and obtained a Bachelor of Science in Architecture. After graduating, I started working in the architecture field to gain experience. After seven years of working in the field of architecture, I decided to go back to school so I could become a licensed architect. I then went to graduate school at Southern Illinois University and completed a Master of Architecture degree while working full time and having a family. After graduate school, I took the seven architecture licensing exams and became a licensed architect.

What part of your job is most satisfying? Working with clients to make their building design dreams and visions become a reality.

ANEW? Don't miss a great chance to let us know just how special your Business or Organization truly is! For just \$300 you will receive critical acclaim, applause.... gratitude... and the FIVE MINUTES OF FAME at our membership meeting.

If interested, contact [Ashlynn Johnson](#).

When I was little I wanted to be a horse veterinarian when I grew up.

I would love to vacation in Colorado doing hiking in the mountains.

What is your favorite thing about being an ANEW member? Meeting new people and making new friends.
