President's Letter

Dear Members and Friends,
Happy New Year! As we step into 2025, I am deeply honored to serve as your new Board President and grateful for the opportunity to work alongside an incredible community of talented, driven, and supportive women. This is an exciting time for our network, and I look forward to collaborating with each of you to

build on the incredible legacy of empowerment, growth, and connection that defines ANEW.

Before I begin, I want to take a moment to express my heartfelt gratitude to Lindsay Charles for her outstanding service as Board President in 2024. She has led our organization with passion, vision, and unwavering dedication. Congratulations on a term well-served, Lindsay!

Looking Ahead

Our shared mission to support and uplift women in our community is more relevant than ever. This year, we will continue to expand opportunities for leadership development (and fun), foster meaningful relationships, and celebrate the achievements of women across Evansville.

Your Voice Matters

I believe that every member brings unique perspectives and ideas. I encourage you to share your thoughts on what you'd like to see from our group. Whether it's a specific topic for a meeting, a guest speaker you admire, or even a new initiative, your input is invaluable. Contact me directly at astachura@girlscouts-gssi.org to share your voice.

Get Involved

I also encourage each of you to get even more involved this year, whether by attending events, volunteering, or simply reaching out to share your ideas. Your voice and participation are what make this network so impactful. If you are not on a committee yet, I challenge you to join one. Our 2025 Committee Chairs will be available at the January Membership Meeting to discuss opportunities with you individually.

Thank you for your commitment to ANEW. Let's kick off the year with energy and inspiration. Together, we can create an even greater impact in 2025.

Warm regards,

Aimee Stachura
Board President

Mentoring Program with ANEW

The **ANEW Mentoring Program** exists to create a more diverse organization and broaden our reach to more professional women. The main objective of the Mentoring Membership program is to promote growth of ANEW by investing in the next generation of our community leaders while mentoring and inspiring their leadership potential. You can learn more on our website, and feel free to invite guests each month who would benefit from our wonderful network of professionals.

If your organization has a job opening, ANEW can help promote your opening and list it on our ANEW website.

Send your information to Lori Otmann at info@evansvilleanew.org

Member Profile

Rhoda Mattingly - Affinity Insurance Group

I am a true "tri-state" girl. I was born in southern Illinois, then moved to Kentucky when I was a teenager where I finished school, married, and had two children, then moved to Indiana in the 90's. When I was a little girl, all I ever wanted to be was a mommy. Four years after I got married my daughter was born, and then three and a half years later my son was born. Stephanie and Travis are without a doubt my greatest blessings and my greatest achievements. These two humans are amazing, and without a doubt the best thing I will ever do in my lifetime. I could not be prouder of the adults they have grown into. I have four grandchildren now and love being their Mamaw.

I have always been kinda fearless when it comes to trying something new. In 1994, not knowing anyone except a few work friends, I moved to Newburgh with my two children. We built friendships and a life filled with love. At thirty years old, I was office manager for a local business in Indiana working for my first boss, the same person who hired me for my first job in Kentucky at 18 years old. You could say he was my first mentor, and employer who really saw me, my work ethics, and potential. After the owners retired and sold out the business I worked in banking for several years where I had some great mentors. I credit this time in the corporate world for developing me into the business professional I have become. In 2012 I decided to get licensed in insurance for Indiana and Kentucky. The best career move I ever made! My career really did not come together until long after my children were grown. I did everything I could with my children, even if it meant I would upset my boss.

The most satisfying part of my career and job duties is the flexibility to be able to spend time with my children and grandchildren. I can talk insurance or write an insurance policy anywhere, and any time of the day. I love that I schedule time with my clients and able to give them the service and attention they need. From my first job at 18 years old I knew how important good customer service is to success. In my banking days I

was V.P. of Customer Service call center and quite passionate about treating customers with respect and kindness no matter what. Being able to manage my time and appointments allows me to give each customer or situation the attention needed. If I were able to change just one thing in my career path, I think becoming an insurance agent sooner in life would be at the top of the list. I have enjoyed the flexibility, the referrals and referral partners, and the ongoing number of new people I meet. Being an insurance agent has allowed me more time to volunteer at my church and to give back to the community also. When I have time to relax, I enjoy binge watching some of my favorite crime shows. I also enjoy taking family and senior photos and can relax for hours scanning and editing photos I have taken.

ANEW means so much to me. When I first joined ANEW, I did not understand the honor of being accepted into such an elite group of ladies. I got on a committee right away and the following year I took a director seat on the board. Since then, I have been on several committees each year and on the board most years. If someone asked me how to get the most out of their ANEW membership, I would tell them to get on at least two committees and get on the board. When you know what is going on and get involved people will learn who you are, and you will have a great time meeting and getting to know lots of amazing women professionals and entrepreneurs.

"Be someone's blessing today, give them your smile so they might smile too."
