## President's Letter

I love a good competition and team spirit. I can visit a stadium once, and I'll want to be fully adorned with the home team's colors, learn their chants and embrace their traditions. I collect team affiliations like some people collect shot glasses. I love the enthusiasm, the energy, and the passionate, sometime senseless, loyalty. Maybe because I was raised a Cubs fan, I'm the opposite of a fair-weathered fan. I'm an all-weathered fan. I once went to a football game in London and purchased the scarf and lost my voice by the end of the game, without knowing a single thing about soccer.

There's a great saying about another type of fandom. Katherine Switzer, the first women to run the Boston Marathon, said "If you are losing faith in human nature, go out and watch a marathon." Strangers cheering for strangers, and not necessarily professionals. Cheering for random weekend warriors to achieve their goal, cross the finish line, achieve a personal best. It's an amazing experience as a runner, and as a spectator.

And as we recognize back-to-school season and wear our kids' team colors or plan Friday nights at the stadiums, we will be proudly supporting our affiliations and connections to the community.

I feel like we champion the same passions as an organization. Everyone I know through ANEW is both a team fan, and a lover of the individual achievements. As a growing membership, we may not personally all know each other, but we know that as fellow professional women, we are cheering for each other. We see the struggle, the drive, the fire in her eyes, to meet the goal and finish the race. But we are also passionate supporters of the collaborative, shared experience of ANEW. We have a history, a sisterhood, in past members, in future members. We cheer for the team, with our hats (thanks sponsor Slade Print!) and our shares on social media. I'm so proud to be part of this team with each of you. Thanks for being a fan, and a supporter of ANEW. I'm cheering for you!
