"Resolution" - at least not in the traditional sense of starting work towards a goal on January 1st and continuing over the course of the year. I love setting goals and I'm motivated by the effort of working towards goals; however, the hustle and bustle of the year-end tends to impede my creativity of actually creating goals. As a result, I end up considering (and starting) new goals toward the end of the year and carrying those into the next year.

Although, my goals may carryover from one year to the next, our ANEW board does not with approximately 1/3 of our board members rotating off each year. I want to express my appreciation to those board members whose terms recently ended and welcome those joining us new this year. Additionally, our committee members often rotate over time which helps keep our organization fresh and relevant. If you are looking for a way to become more involved in ANEW, I highly recommend serving on a committee. It's a great way to learn more about the workings of our organization and to get to know fellow members.

Regardless of whether you set new goals at the beginning of the year, the end of the year or somewhere in the middle, I wish you a wonderful 2020! Cheers to a New Year and a New Decade!

Michele Graham  
ANEW President 2020
