Membership Profile

who rise to the occasion and often exceed expectations! Each year in October, ANEW presents the Woman of Action Award to a member who exemplifies remarkable talent, skill and community service. The nomination form will be available on our website in the coming months, but it's never too early to begin considering who you might nominate for this award.

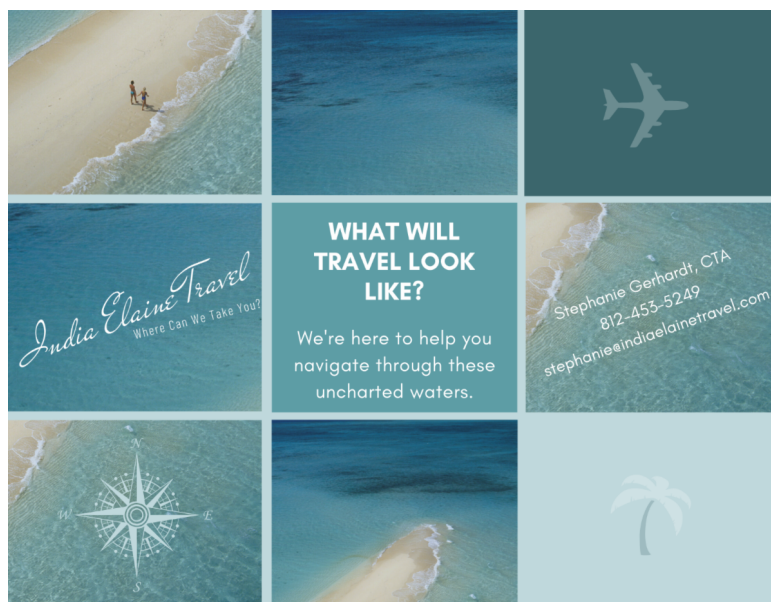

During July's membership meeting, Detective Bryan Brown with the Evansville Police Department's Internet Crimes Against Children Unit will cover different ways that children can be exploited while online and guidance on how to reduce the risk. As my children grow, they have more opportunities to access the internet - including connecting with friends and gathering information for school assignments. Likely we each know at least one child with access to the internet - whether it is your own child, grandchild, niece/nephew, neighbor, friend or family member's child, etc. I hope you will join us for this meeting.

As always, please feel free to email or call me with any questions!

Get to know *Sherri Alley*

1. Describe your career path to reach your current position.

Many, many moons ago I started working at National City Bank as a teller for \$4 an hour. We didn't have any computers or cell phones then! Throughout my career, I would always apply for open positions in areas of interest in banking and after many moves, I landed in Private Banking. I absolutely love my job!

2. What part of your job is most satisfying?

I've been fortunate to have had the privilege to work with so many intelligent, and caring people that have helped me in my career. In my position, I also develop relationships with my customers and I love getting to know them and value their friendship.

3. What make and model was your first car?

When my dad and I made the trip to the car lot, I had a Chevy Camaro in mind to purchase and when he decided I would be driving a red 4 door Plymouth Horizon stick shift, I was a bit disappointed. At the bank he also mentioned I would be paying for the car I didn't pick out. He was wise to know I have a need for speed and the Camaro wasn't a good choice. A positive take away is I can drive a stick!

4. Where would you love to vacation?

I would love to vacation in Italy with my family! I absolutely love to travel and see the world. It's fascinating!

5. What is your favorite thing about being an ANEW member?

I love the warmth and encouragement in the organization. I've made so many friends and feel like I can reach out to anyone for help if I need it.

Sherri has been an ANEW member since February of 2003.
