**An Hour of Your Time
May Be Worth More Than You Think**

Schedule your retirement review today.
It's been said that we spend more time planning vacations than planning for retirement. Schedule your retirement review so you can understand:

- How much you'll need to retire
- If you are on track for your retirement goals
- Which IRA is right for your retirement needs - Roth or traditional
- The importance of asset allocation and how it can help you achieve your long-term goals

Letter from the President

Hello Fellow ANEW Members,

I don't know about you, but I left our September meeting completely inspired to make some positive changes in my life! Our speaker, Erick Rheam, did a phenomenal job explaining how we can all do our part in encouraging others which would truly make an impact in our lives and others. I have been focusing on the tactics he described in both my personal life and professional life. I hope that you were equally inspired.

This month we have our Annual Meeting on October 24th at 5pm. I know I have said this before but I want to stress one more time how much I want you to be there. The Annual Meeting is a wonderful event to network with your fellow ANEW members and to also have a little fun together. It is also a night based on recognition - it is a special time to recognize the women in our organization who are making an impact. Please plan to attend the Annual Meeting and feel free to bring some guests!

In closing, I wanted to give special thanks to our Programs Committee and Special Events Committee for putting together the programs this year. It takes a lot of time and effort to plan these events and so I wanted to say, "Thank You" for all that you do.

See you soon,

Sincerely,
Jill Rawley
ANEW President 2018

5 Things you Didn't Know about Trudy Stock

1. When she was in elementary school, she was the teacher's pet (always trying to please). She still likes harmony!
2. When she was in high school, she started dating her now husband (they have been married over 34 years). Looking back, she realizes how young she was when they started dating.
3. When she was in college, she quickly decided to get her Bachelor's Degree in Accounting instead of an Associate's Degree in Business Administration. She changed her plans the summer before she started college while working in the Business Affairs

office at USI. She worked at USI all 4 years of her enrollment. It was her first real job beyond baby sitting, mowing, cleaning house, and working on their family farm.
 4. At her wedding, she danced with her dad which seems obvious. Little did she know that he would die 7 years later. Unfortunately, her sisters didn't have the blessing of dancing with him at their weddings. Cherish each moment - you never know what the future will bring.
 5. When she was little, she wanted to be lots of different things when she grew up - from a hairdresser to a secretary to an actress (like the girls on The Brady Bunch).

Thank you, Trudy, for sharing with us!
