President's Letter

Hello again, ladies!

We have an exciting line-up for the coming months, and I am especially excited to welcome the ladies from B23 Strategies to our September membership meeting. Sometimes we all need help “unleashing our superpowers” so I am looking forward to any tips they have to share!

Invoices for 2024 membership dues will be out in early October and I sincerely hope each of you will renew and commit to finding one new member for the club.

As I mentioned at the last membership meeting it is time to get a new slate of officers lined up to take the helm for 2024. Please consider serving on the board, on a committee or as an officer of our organization. We will formally vote on the new positions at our annual meeting in October but before that happens, we'll have time to network, participate in wine tasting and do some cookie decorating!

The Honorable Mayor Lloyd Winnecke will join us in November, which is always one of our best attended meetings. This will be his last visit with us as his tenure as Mayor comes to a close. Please get your guests lined up and make your reservations soon!

For December the popular Holiday Bazaar will once again take place. You are sure to find some great last-minute gifts and maybe something for yourself.

I look forward to seeing you soon!
Rita

**** IMPORTANT DUES
INFORMATION for 2024 ****

2018 Lisa Slade

2017 Laura Scott

2016 Sherri Alley

2015 Caron Leader

Mentoring Program with ANEW

We've welcomed several new members to ANEW already this year, and have had several guests join us at our monthly meetings. As the year goes on, don't forget about the new offering we launched this year to expand ANEW to local women at earlier stages of their careers. The ANEW Mentoring Program exists to create a more diverse organization and broaden our reach to more professional women.

The main objective of the Mentoring Membership program is to promote growth of ANEW by investing in the next generation of our community leaders while mentoring and inspiring their leadership potential. You can learn more on our website, and feel free to invite guests each month who would benefit from our wonderful network of professionals.

Mentoring Information

Be on the lookout for your Statement of Dues. This is the invoice for January to December 2024 for your membership with ANEW. Even if you just joined, your dues were prorated to the end of the year, so everyone will need to pay by January 1st to renew your membership with ANEW for 2024. If you have any questions or concerns, please feel free to email Lori Oztzmann at info@evansvilleanew.org.

If your organization has a job opening, ANEW can help promote your opening and list it on our ANEW website.
